New Division of Envisia Learning Provides Industry-Leading Corporate Talent Assessments and Change Agent Support to Coaches, Consultants and Trainers

Santa Monica, CA, 1/17/2007 – Envisia Learning, a leading provider of leadership development and assessment solutions, announced today the launch of a new division focused on meeting the needs of organizational consultants, coaches and trainers. This new division, called Envisia Tools, offers a large catalog of advanced assessments as well as a unique, web-based personal and professional development tools to help clients understand online assessments and assist them in implementing a plan for their professional development.

“Coaches, consultants and trainers can find a powerful competitive advantage in providing their clients with comprehensive, measurable programs, and Envisia Tools gives them the instruments to do this,” said Ken Nowack, Ph. D., Envisia’s President. “We not only offer a wide array of popular assessments, we also give them an engine to manage their client interventions at any time and from anywhere in the world.”

About Envisia Tools

Envisia Tools, a division of Envisia Learning, is a provider and developer of innovative, high-quality people and process solutions for consultants and business professionals working with individuals, teams and organizations. All of its assessments and solutions are customized and branded to meet customers’ needs.
